

Motion on National Clarion Cycling Club and Spanish Civil War.

This AGM notes that National Clarion Cycling Club was closely involved in the struggle of the Spanish people against Franco's fascist forces during the Spanish civil war and that a commemorative National Clarion Cycling Club ride from Bilbao to Barcelona was held to mark this in 2013.

This AGM agrees to commission the National Clarion Cycling Club national committee to investigate the feasibility of holding an annual or bi-annual National Clarion Cycling Club cycle ride to commemorate the five National Clarion members, Raymond Cox, Roy Watts, Tom Oldershaw, Tom Dolan and Harold Laws who died fighting for the International Brigades during the Spanish Civil War. A commemorative cycle ride can act to educate and publicise to the National Clarion Cycling Club membership and wider public about the civil war and the involvement of the National Clarion Cycling Club.
